### **Policy Document on**

### **“Environment Awareness and Green Initiatives”**

-----

Gopikabai Sitaram Gawande College has adopted the policy to nurture the nature and step towards preservation and sustenance of ecological diversity in the campus. The institute works upon to create awareness among its students about the importance of environment for healthy and sustainable life of human beings, to conduct environment related activities, to adopt environment friendly policies in the campus wherever possible, to run green practices through students' activities.

The environment policy of the college will focus on the following:

1. The institute will work on awareness of students on environmental conservation by involving them in the nature friendly activities and motivating them to contribute in the mission to dream this planet green.
2. The institute will take efforts to adopt energy saving policies by switching to the solar energy as the alternate energy source in the college.
3. The institution will adopt environment friendly approach while conducting collaborative activities, outreach activities through teaching departments, NCC and NSS unit.
4. New purchase of electrical devices such as bulbs and tube lights will be replaced with LED for power saving.
5. The college will enrich plant diversity in the campus through botanical garden and naming every tree on the campus to acquaint students about plant diversity .It will also work to carry out activities to acquaint students about rare species and medicinal plants.
6. The college plans to sign MoUs with local environment clubs and forest department for the conservation of nature and to conduct collaborative activities in support of green and clean campus.
7. The focus will be on the waste management and create system to canalize the paper waste, solid waste, E-waste and liquid waste in the campus.
