Programme/Activity Summary in brief:

The Department of Botany organized a one-day excursion tour to **Painganga Forest, Sahastrakund, and allied areas** on **9th October 2025**. The objective of the tour was to provide students with firsthand exposure to forest vegetation, biodiversity, and ecological conditions of the region. During the visit, students observed a variety of plant species, natural habitats, and ecological interactions in their natural environment. The faculty members explained the importance of plant identification, conservation, and ecosystem balance. The tour offered valuable field experience and helped enhance students' understanding of plant diversity and environmental studies. The excursion concluded successfully with enthusiastic participation from students and staff.
