Programme/Activity Summary in brief:

The **Department of Botany** organized a "Do It Yourself" (DIY) activity for school students to encourage hands-on learning. **Twenty students** from Class 10 at **Mahatma Phule High School, Umalkhed**, participated in the event.

The program was uniquely led by **B.Sc. Botany students**, who shared their knowledge on the following topics:

- **Microscopy:** An introduction to different types of microscopes and how to use them.
- **Plant Biology:** Detailed explanations of plant specimens and the classification of the Plant Kingdom.
- **Field Exploration:** Third-year students provided a live demonstration of various species in the **Botanical Garden**, highlighting the importance and uses of **medicinal plants**.
